

16th Annual BFE Meeting

Rzeszów, Poland

September 11-15, 2012

Hilton Hotel

We apologize that due to tax changes in the Netherlands the BFE team had to cancel the originally planned venue and date. After a long search, we have been invited by Dr. Rafal Sztembis to RZESZOW – Poland's third biggest city with an international airport. The HILTON Hotel will serve as Conference location.

The BFE meeting offers in-depth scientific presentations (lectures, symposia, paper sessions, and poster) during the scientific program and ongoing education training in one and two day hands-on clinical and educational workshops. The workshops are instructed by internationally recognized clinicians who demonstrate their latest clinical/educational biofeedback treatment approaches.

Contribute to the growth of Biofeedback/ Neurofeedback by submitting your proposal for oral presentation, resending posters, and workshops.

Submission deadlines:

March 1, 2012

workshops and short courses, invited talks

April 15, 2012

symposia and paper sessions

May 1, 2012

posters and oral presentations

For more information, as well as submissions of workshop proposals, submissions for the scientific program (symposia, lectures, papers, posters, short courses) and questions about industrial exhibition please contact:

Monika Fuhs, Program Chair: editor@bfe.org, or visit our homepage www.bfe.org
