

ProComp Infiniti Workshop

18-19 September 2009

This workshop is designed for therapists who have experience with the ProComp / FlexComp Infiniti hardware and software and who want to expand their knowledge of the software and clinical possibilities. Questions and special requests will be answered during the workshop. The hands-on sessions allow participants to practice with the hardware and software. Participants will choose from the suites provided with their Infiniti system with guidance from the instructor. Therapists need to bring their own ProComp or Flexcomp Infiniti and laptops.

Workshop location:

Conference center "Amershof"

Address: Snoukaertlaan 11, Amersfoort, Netherlands

Phone: + 31 33 4613524

The workshop location is at a 5 minute walk from Amersfoort train station.

Dates:

Friday September 18, 2009 (9 am – 5 pm)

Saturday September 19, 2009 (9 am – 1 pm)

Price:

€ 75,-, including coffee, tea etc. on both days and a lunch on Friday.

Presenter:

Frank DeGregorio, Thought Technology Ltd, Canada

Frank DeGregorio has a Diplome d'Etuded Collegiale (DEC) in Computer Science and Certification in Networking. He has over a decade of experience as technical, network, computer and product support for Thought Technology. Frank's extensive knowledge of all the product software and hardware offered by Thought Technology gives him the unique ability to take participants from installation of the software to using it effectively.

Accreditation:

3 points for the yearly registration of the Dutch/Belgium Biofeedbacktherapists (BFE registration)

The workshops of Frank DeGregorio are accredited for BCIA registration.

Information and registration:
